Bar Association President Speaks

R. E. L. SANER.

Special to Daily News.

Galveston, Tex., July 3.—In his annual address before the Texas Bar Association, which, with approximately one hundred members in attendance, is in session here, Hon. R. E. L. Saner of Dallas, president of the organization, departed from the usual custom, which is to comment upon noteworthy legislation of the year, this departure being made for the reason that the Texas Legislature has not met during the year, and as yet congress has not enacted any important measures. Instead he discussed the impatience of the people with the courts, argued that the matter deserved the serious consideration of lawyers, and in this connection made a number of important concrete suggestions.

First, he recommended that the Bar Association should be developed by encouraging the organization of county associations. Second, he recommended that the Legislature should make provision for all of the Judges of the Appellate and District Courts to meet annually in connection with the Bar Association to discuss the business of the courts and to recommend such legislation as is needed. Third, that provision be made in Texas for a Legislative Reference Department, similar to that of Wisconsin. Fourth, that the Texas Bar Association should endow a scholarship in the law school of the University of Texas. Fifth, that the Texas Legislature should create a commission upon revision of the statutes and reform of procedure.

CRITICISM FOR MACVEAGH

DECLARES IDIOSYNCRASIES OF DEPARTMENT CHIEF HAMPERS AND DISCOURAGES YOUNGER MEN.

By Associated Press.

Washington, D. C., July 3.—The row in the United States Treasury of more than a year's standing between Secretary MacVeagh and Assistant Secretary A. Platt Andrews culminated today in Andrews' resignation and proposal for a Congressional investigation of MacVeagh's administration. Representative Cox presented a resolution in the House after reading Andrews' letter of resignation to President Taft.

Andrews declared that energetic young men in the Treasury had been hampered and discouraged at every turn by MacVeagh's "idiosyncrasies, astounding capacity for procrastination, incapacity for decision, and peculiar moods of suspicion and aversion to which he is constantly subject."

The final break came when Andrews wrote to MacVeagh that he was going to attend the Chicago convention, whereupon MacVeagh ordered him to remain in Washington.

Andrew said that he was informed that he must leave the Department or MacVeagh would quit, and that his resignation was practically asked for.

The Cox resolution was referred to the committee on rules.

New York, July 3.—For the first time in thirty years there will be a general increase on July 15 in the wages of Stock Exchange employees, and about 350 people will be benefited.

The raise, which includes every one from porter to superintendent, is in response to demands made by the insurgents on the Board of Governors elected last month. The leader has been E. T. Tefft. A large number of members also wished to see such action taken.

One of their first steps taken after the election was to submit a resolution to the board raising the salaries of all employees on the ground that the high cost of living made it urgent.

ELECTORS' NAMES MUST APPEAR ON BALLOT.

Austin, Tex., July 4.—In an opinion to T. H. Strong, Coleman county Democratic chairman, Assistant Attorney General C. E. Mead held that a construction of the Terrell election law would require the names of Democratic Presidential electors to be placed on the official ballot for the primary this month. These electors were selected at Houston and must now be again elected. Since they have no opposition, they will be elected without question.

It is the first time the question has been passed upon officially in Texas, and Mr. Mead says that without the appearance of the electors on the ticket the voters would take no pledge to support the Democratic nominee for the Presidency. It is of particular interest at this time, when there is talk of a new party in this country.

BATTLE AT BACHIMBA MAY END REVOLUTION

Fighting Continued Throughout Day in Mountain Stronghold Forty Miles From Chihuahua

GEN. HUERTA CLAIMS BIG GOVERNMENT VICTORY

Federal Troops Occupy Entrenched Canyon and Other Important Positions and Plan to Renew Vigorous Attack at Daybreak

By Associated Press.

General Huerta's Headquarters, Bachimba, July 3 (10 p. m.).—Government troops tonight occupy the entrenched Bachimba canyon and other important positions surrounding it, having driven themselves toward the north end of the mountain pass.

Huerta regards the day's fighting as a brilliant government victory. Eight hours of hard fighting gave the government forces the position now occupied and when fighting is resumed in the morning Huerta believes that he will have no trouble in forcing the entire rebel army from the mountain stronghold.

At daybreak tomorrow Huerta declared the Federals will renew the attack.

Casualties in today's fighting are unknown tonight as the battlefield has not been examined.

By Associated Press.

Rebel Front, Bachimba, Mexico, July 3.—In the heart of the mountains in northern Mexico, where Bachimba canyon, a natural fortress centers in the entrance to the city of Chihuahua was begun today what may prove to be the last big battle of the Mexican revolution.

During six hours of brisk fighting between 5,000 rebels and an equal number of Federals no great advantage was gained by either side.

Indications at nightfall were if the rebel ammunition lasts the issue will not be decided for several days. Federal victory means thousands of organized revolutionists will follow guerrilla warfare.

Federals tonight are pouring heavy artillery fire into the rebel camps, the extent of which is estimated by rebel officers at a thousand shells in five hours.

The government commander had repaired 150 miles of railroad and several big bridges on the Mexican Central road, finally bringing heavy artillery today to where the rebels were securely entrenched.

The Federals began a heavy artillery fire on the rebel right and left, but the rebels placed cannon at the angles of Bachimba Pass, protected by large columns of infantry, and although desperate sallies were made by the Federal cavalry the rebels managed to check the advance.

The Federal shells did little damage in the rebel camp.

BIG LAND DEAL IS CONSUMMATED

Bravo Ranch Sold to Herring and Landergins by Mrs. H. B. Sanborn

Mrs. Ellen M. Sanborn transferred title to the celebrated Bravo ranch, consisting of 120,000 acres lying in Oldham and Hartley counties yesterday afternoon to Col. C. T. Herring and Landergin Brothers, for a consideration of approximately \$450,000, through a local commission man.

This is one of the largest realty deals ever made in Amarillo, and carries with it the transfer of one of the best properties in the southwest. The deal includes ranch improvements and work animals, but not the cattle with which it was stocked.

The acreage included in the Bravo ranch, added to the already great holdings of Messrs. Herring and Landergin Brothers, will make them among the most heavily landed individuals in the Panhandle and Plains country.

For years the Bravo ranch was the property of the late lamented Col. H. B. Sanborn, and that attracted wide attention by reason of its worth and beauty. It is doubtless one of the most valuable ranching estates in the southwest.

Rumors of this sale have been afloat for the past several days but consummation was effected only yesterday.

TENSION AT HIGH PITCH IN CHIHUAHUA.

By Associated Press.
Chihuahua, July 3.—Nervously awaiting the outcome of the battle at Bachimba, forty miles distant, which will decide whether this city, for so long the rebel capital, will continue such or go to the constituted government, the tension here today was at an extreme point.

A small colony of Americans and foreigners raised flags over their residences.

Bulletins from the rebel front were numerous and filled with rebel optimism.

Eighty-eight Federal rurales mutinied, while attempting to effect an entrance to the state of Sonora from Chihuahua to afford an outlet for Orozco's army, it defeated at Bachimba.

Mutineers came to Douglas on the American side, and said that their horses had been taken from them, and they refused to slack.

Twenty mutineers were seized and imprisoned.
